

## RSARS RALLY REPORTS No.80

Kempton Park Radio Rally 10<sup>th</sup> November 2013

Kempton this year was one of the better years!

We had an excellent sign in, the weather was good, lots of people around in addition to RSARS members.

I did not find a bargain, there again I wasn't particularly looking for anything, but some shows do seem to come up with different, may be useful some time, things. Even the vast supply of Clansman Radio seem to have abated, that said Mario managed to find HIS bargain!

Our usual friends were on site RAIBC, and RNARS, but we missed RAFARS.

The main dealers were again showing what is new, expensive and excellent if you have a deep pocket, and are, maybe employed!

So ever onward - see you at Canvey Island Rally in February 2014.
