

RSARS RALLY REPORTS No.70

Exeter Radio & Electronics Rally Report 3rd March 2013

The Exeter Radio Rally took place Sunday 3rd March in decent weather, which was quite important because it took place in two separate rooms, having expanded due to increased Trader interest. 150 people were logged through the door, with 40 people either trading or helping to keep things moving. There seemed to be more buying going on, and the atmosphere was very relaxed. I recruited a new member into RSARS, he completed the form on the spot and returned it to me with a £2 donation.

Tony – G4BCX Managing the RSARS Stall

It is too early to say, and also there are some well-paid jobs round Exeter, but I am beginning to think, tongue-in-cheek, that maybe for some people, the economy might be starting to look up. It will be interesting to see what happens at the Dartmoor Rally on May 6th
