

## **WEST KENT ARS RADIO & ELECTRONICS FAIR**

### **14 September 2014 Tunbridge Wells Grammar School for Boys**

Three members remembered about this new rally!

Well done guys - for the rest, well you missed something new in the late Summer in West Kent, not far from East Surrey.

The big names were not there (except for the RSGB) so you would not have been able to drool over £4,000 of radio that sings and dances by itself, but you could have snapped up a bargain or two and rummaged through the interesting bits and pieces available. I picked up a really good Laptop for £15 and a fully working projector for a similar amount, so here is one happy punter!

It seems that some small traders left it too late to book and found that the two halls were full to capacity. The pub across the road opened up early to sell bacon butties and internally the snack bar was doing a brisk trade.

Calls to buy your Christmas presents went on deaf ears and the caps and polo shirts were unsold, but it was all there and available.

See you next at Kempton Park on Sunday 9th November 2014 - Oh! That reminds me, I must book and pay for the Society Table!
