

RSARS RALLY REPORTS No.99

Exeter Radio & Electronics Rally Report 1st March 2015

The Annual Exeter Rally was held last Sunday, 1st March, in the America Hall, Pinhoe. It's always a pleasant Rally, and this year was no exception. There were 14 Traders, 5 Club Exhibitors including myself with the RSARS stand, 12 Club Members officiating, and 170 people through the door, an increase on the last couple of years. Trading was reasonably brisk, and there was plenty of movement of kit.

Several of my Regulars attended the stand, but it took a while to start selling things. Several people, Members and non-Members, bought new log-books for this coming year's contacts, and a Teddy went as well to the small child in the photo, who bullied his Mother into buying it. I took the grand total of £14.75 by the end of the day, and in addition I was given £10 to be put in for "Help the Heroes", which I did in Plymouth, so it wasn't such a bad day after all.

73/MFG Tony Helm, G4BCX, RSARS
