

RSARS RALLY REPORTS No.96

Canvey Island 2015

Canvey Island can be a great place, and this year was no exception for the first weekend in February when the usual Radio Rally took place.

Nice Sunny day, not a sign of the snow from a few years ago, punters galore and the usual large number of traders, including the local large one.

So what happened to the RSARS Members? Quite a poor sign in this year, although the quality conversations were there just the same. Don't you guys come out in the winter, the Bacon Butties must be worth coming for!
