Bureau Users

New members joining the bureau since 01 May 2018

None.

Bureau Activity

Very quiet, but as expected. However, a small number of cards have arrived to be forwarded to our member in Albuquerque. (Four from Chilwell!) Would members wishing to exchange cards with Rick AI5P please get cards to me by July 1st.

G3SIG Award

June	G3SIG	G2ABR
July	GI3SIG	GI4JTF
August	G?3SIG	
September	G3SIG	G2ABR
October	G3SIG	G2ABR
November	G3SIG	G2ABR
December	G3SIG	G2ABR

As previously mentioned, Chris has kindly offered to keep G3SIG active but will happily stand down for other members (with a full licence only) from outside of England. This would not necessarily need to be for the full month, so if interested, if full license held, please ask. It will be my pleasure to add you to the list and give Chris a well-earned rest.

Sadly, with so little net activity, QSL cards or new members appearing it is difficult to fill this newsletter. Anything you would wish to have included I would be happy to do so. However, this should not be at the expense of our Mercury journal as Joe is always looking for interesting items.

I look forward to getting you, and many others, in my GB6NFF log from 25th June. I am signed up to LoTW, have my certificate, and eQsl.cc (AG) but at the moment I do not plan to purchase QSL cards. I logged over 700 stations around the world with GB8MC and the majority of these only wanted eQsl.cc. So, yes, a large number of blank cards (1000 purchased) went into our recycling bin. Lesson learnt :-)

Nets

Just a reminder to members, old and new, we do have nets running most mornings, less Saturday, Tuesday and Thursday afternoons and evenings. For those interested in all things PSK31 and RTTY although nets are gone we still have a few dedicated members showing Monday and Friday. CW of course Wednesday. Times and frequencies are shown on our RSARS website – Shack Aid. GB6NFF will do his best (me only) to give points on PSK, RTTY and CW as well as normal SSB nets. If you see GB6NFF on your FT8 screen, please try and grab me remembering that I will send: CHILWELL F??? then R DE BRYAN 73 meaning that I pass all required RSARS information required. I will expect similar in reply to conform the RSARS QSO ☺
