Bureau Activity

Including cards received at the Hamfest, (thanks John & Harry) cards sent in September totaled 15. That is the bureau totally empty again.

G3SIG Award

Well I heard G3SIG during one of our evening 80m nets adding one member to the Award list, hopefully there were many more to be seen in the G3SIG log when received. Chris G2ABR will continue until the end of the year but he would be happy to stand aside of course for stations in GD, GJ, GM, GU, GW who fancied a few days excitement. No, I have not forgotten GI for Harry GI4JTF worked hard with that for a couple of months.

October	G3SIG	G2ABR
November	G3SIG	G2ABR
December	G3SIG	G2ABR

AGM

The AGM appears to have gone quite well starting with yours truly speaking for the first time as VP. It is just hoped that members sitting there understood my mixed Geordie/elsewhere accent :-). Full report will be covered in our next Mercury.

Member travels

Mike EA6/G0SWY has confirmed that he is now safely in his hotel, but understandably rather tired after the journey. The bad news, owing to circumstances out of his control he doesn't have a microphone with him. So, it will be CW only and as I type this I have my rig set on 14.056MHz as I await his next text. As soon as this is received I will advise members by email. I will do this each time I hear from him until he departs so keep checking your email inbox.

Nets

Just yet another reminder to members, old and new, we do have nets running most mornings, (less Saturday) Tuesday and Thursday afternoons, and Monday, Tuesday and Thursday evenings. For those interested in all things PSK31 and RTTY, although nets are gone, we still have a few dedicated members showing each Monday and Friday. CW of course Wednesday. Times and frequencies are shown on our RSARS website – Shack Aid.

I even managed to work a new (rare) member in September so maybe I still have a chance to get my 1000 award. Yes, if only pigs could fly.
